

EXCELLENCE IN TRANSMISSION & MOTION

MATERIAL HANDLING | MOTION CONTROL
POWER TRANSMISSION | CRANE COMPONENTS

“SK Tech”, a part of SK Sales and Services, is an established venture from Oct 2012 and working towards giving complete solution for industrial applications mainly in EOT Cranes, Hoists and its components, Power Transmission, Motion Control, Automation and Process Industry. Utilizing in depth technical know-how to assist in providing techno-commercially engineered optimum solutions to fulfill industry needs. For that, we set 3 “R”s as our main principles:

- Readiness - Swift response with continuous improvement in technology
- Reliability - Committed deliveries of services, complete products and solutions with zero defects
- Relationship - We are not only vendors, we are partners

We, SK Sales and Services, as a team of core professionals, are committed to providing value added solutions to our esteemed customers to their highest satisfaction.

Industries we serve:

- EOT Cranes & Material Handling, Oil and Gas, Sugar Industry Equipments
- Pressure Vessel, Agitators and Centrifuges, Pumps, Air Compressors, Industrial Fan OEMs
- Printing & Packaging, Special Purpose Machinery, Steel and Cement
- Off Highway sector, Wind Energy, Building Machinery and Construction
- Automobile

MHE & AUTOMATION

Optimal compounding solutions with a high material handling technology know-how and extensive industry experience.

A state-of-the-art infrastructure for world class Industrial Material Handling Equipment, Manufacturer of all types of EOT Cranes and other MHEs such as Conveyors, Scissor Lifts, Chain Hoists.

Exploring into Car-Parking Systems and Automation.

POWER TRANSMISSION & MOTION

With great technical expertise and rich industry experience, SK Sales & Services is proud partners with various Power Transmission and Motion Control Equipment Manufacturers.

Our vast scope of products can provide a 360 degree solution to our valued clients, with the help of a team of seasoned professionals in the Power Transmission Industry.

MATERIAL HANDLING EQUIPMENTS

WIRE ROPE & CHAIN HOISTS

- Modular Type Hoists
- Open Winch Type Hoists
- Custom Built Type Hoists
- Chain Hoists
- Flame Proof Hoists

CRANES

- Double Girder EOT Cranes
- Single Girder EOT Cranes
- Under Slung EOT Cranes
- JIB Cranes
- Goliath Cranes
- Semi Goliath Cranes
- Open Winch Hoists
- Flameproof Cranes

JIB CRANES

- Perfectly suited for individual work stations or assembly areas
- Our Jib Cranes are available up to 10 tonne capacity, a range of cross travel movement and rotation up to 360°

GOODS LIFT

- Specially designed for various industrial applications, these lifts are renowned for optimum performance with low maintenance
- Harder interior finishes to protect the car from damage caused during use and travel at a slower speed to protect the heavy goods in vertical transit

MATERIAL HANDLING EQUIPMENTS

TRANSFER CARS/ TROLLEYS

- Transfer trolleys help in moving heavy duty materials in manufacturing plants whose units and warehouses are widespread
- These trolleys are specially designed for easy mobility of goods from one place to other with minimal manual assistance

CRANE KITS

Crane kits include:

- Festoon
- Flat Cables
- Limit switches
- End Trucks
- Buffers
- DSL

SCISSOR LIFT

- These scissor lifts ensure maximum stability and their heights can be adjusted as per the requirement
- Reckoned for corrosion resistance, low noise levels, smooth operation and longer service life, the scissor lifts manufactured by us help us garner a rich clientele in the market

AIR BALANCER & RAIL SYSTEMS

- Air Balancers ergonomically help transfer loads using a variety of up/down pendants and balance "float"
- Smoother and quieter operation
- Floor mounted rail suspension system single/dual bridge configurations

FESTOON SYSTEMS

- Festoon systems carry flat and round cables for the transfer of electrical energy and data
- We offer: C track, I beam & T Track Cable Travelling Systems

CONTROL PANELS

- Best quality range of all brands of VFD AC Drives Control Panels
- We manufacture as per customer requirements with necessary safety

GEARBOXES

- Technically advanced solutions
- Energy-efficient motors paired with optimal gearboxes to provide customers with the lowest possible cost of ownership

LIMIT SWITCHES, PENDANTS, ROPES & DSL

- Rotary & Cross Bar Switches & Pendants, Buffers, CT Stoppers
- The versatile 7-pole & 4-pole conductor system
- Compact, reliable and secure power supply system for EOT cranes, hoists
- Industrial Ropes available in Steel Core (galvanized) and/or fibre core

SERVICES & CONSULTING

Crane Maintenance & Troubleshooting

We ensure smooth functioning and efficient operations of your equipment.

Customized Solutions

We believe in:
CRAFTING | OPTIMISING | DELIVERING

AMC

We make sure that the authorities are worry-free by providing timely services through an Annual Maintenance Contract.

Installation & Commissioning

A team of experienced engineers supervising the installation of new equipments, ensuring a hassle free kick-start.
